Section 2.2 Voting Rights

The Association shall have two (2) classes of voting membership:

A. Class A

Class A members shall be all Owners with the exception of Declarant (except that beginning on the date on which Class B membership is converted to Class A membership, and thereafter, Class A members shall be all Owners, including Declarant) and shall be entitled to one (1) vote for each Lot owned. When more than one (1) person holds an interest in any Lot, all such persons shall be members, but the vote for such Lot shall be exercised as they among themselves determine, and in no event shall more than one (1) vote be cast with respect to any Lot. If the co-Owners of a Lot cannot agree upon the vote, the vote of the Lot shall be disregarded in determining the proportion of votes with respect to the particular matter at issue.

B. Class B

The Class B member shall be the Declarant, who shall be entitled to three (3) votes for each Lot it owns until the Conversion Date.

Section 2.3 Suspension

Section 2.6 Immunity of the Board

No individual member of the Board shall have any personal liability to any Owner or any other person for the acts or omissions of the Board if such acts or omissions were committed in good faith and without malice. The Association shall defend any action brought against the Association, the Board or any member thereof arising from such acts or omissions.

Section 2.7 Clarification of Role of Association

The Association shall have the general powers and duties of a nonprofit corporation pursuant to the Oregon Nonprofit Corporation Act, as well as the specific powers and duties set forth in the provisions of this Article and the other provisions of this Declaration that expressly relate to the Association, as well as pursuant to the Articles of Incorporation of the Association ("Articles") and the Bylaws. However, unless expressly set forth herein or in the Articles or the Bylaws, the Association shall not act in the capacity of settling disputes between Owners or resolving problems that Owners may experience. Disputes or problems experienced by Owners to which the Association has no express authority or role as set forth in this Declaration shall be resolved by private, lawful means chosen by the affected Owners and there shall be no recourse to the Association.

Section 2.8 Funding

Subject to the terms of this Article II, the Declarant for each Lot owned within the Property hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agrees to pay to the Association: (i) annual or periodic assessments or charges; and (ii) special assessments for capital improvements to the Common Maintenance Areas, such assessments to be established and collected as hereinafter provided. The annual or periodic assessments shall include any reserve assessments necessary to establish and maintain any reserve funds created under Section 2.12. Such assessments will remain effective for the full term (and extended term, if applicable) of the within covenants. The annual and special and other assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to the successors in title of such Owner unless expressly assumed by them, in writing.

Section 2.9 Annual Assessment or Charge Units Owned by Class A Members

Subject to the terms of this Article, each improved Lot is hereby subject to an initial assessment in an amount not to exceed an amount determined by the Board (until such assessment charge shall be modified as provided in the Bylaws of the Association), for the purpose of creating a fund to be designated and known as the "maintenance fund" for matters described under Section 2.11, the "reserve fund" for matters described under Section 2.12, as well as any other funds contemplated under this Declaration, such as a fund established to hold funds from Limited Assessments (defined below), or any other fund called for by this Declaration or a Declaration of Annexation and to pay other reasonable expenses of the Association, including legal and accounting expenses and any assessment due to a master association, if any. Charges and assessments for funding such funds will be paid by the Owner or Owners of each such Lot in advance in monthly, quarterly or annual installments, commencing as to all Lots upon the recordation of this Declaration. The rate at which each Lot will be assessed, and whether such assessment shall be payable monthly, quarterly or annually, will be determined by the Board at least thirty (30) days in advance of each assessment period. Said rate may be adjusted within the limit permitted by the Bylaws from time to time by the Board as the needs of the Association may, in the judgment of the Board, require. Assessments shall be assessed equally as between Lots that benefit from the services or Improvements giving rise to the assessment, except where expressly provided in this Declaration. The Association shall, upon written demand and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether or not the assessment has been paid for the assessment period.

Section 2.10 Units on Lots Owned by Declarant

The Declarant owning unimproved Lots or Units that are not occupied shall pay assessments at the same rate as the annual assessment charged to Owners so long as there is a Class B membership as set forth in Section 2.2.

Section 2.11 Purposes of Maintenance Fund

The Association shall establish a maintenance fund composed of annual maintenance assessments and shall use the proceeds of such fund in providing for normal, recurring maintenance charges for the Common Maintenance Areas for the use and benefit of all members of the Association. Such uses and benefits to be provided by the Association may include, by way of clarification and not limitation, any and all of the following: (i) normal, recurring maintenance of the Common Maintenance Areas (including, but not limited to, mowing, edging, watering, clipping, sweeping, pruning, raking, and otherwise caring for landscaping) and the improvements to such Common Maintenance Areas, such as sprinkler systems, provided that the Association shall have no obligation (except as expressly provided hereinafter) to make capital improvements to the Common Maintenance Areas; (ii) perpetual maintenance, repair, and enhancement for any fences, columns, walls, grounds, landscaping, lights, irrigation systems, and entry monuments; (iii) payment of all legal and other expenses

2002-120165

incurred in connection with the enforcement of all recorded covenants, restrictions and conditions affecting the property to which the maintenance fund applies; (iv) payment of all reasonable and necessary expenses in connection with the collection and administration of the maintenance charge and assessment; (v) and all other activities necessary or desirable in the opinion of the Board to keep the Property neat and in good order, or which is considered of general benefit to the Owners or occupants of the Property, it being understood that the judgment of the Board in the expenditure of said funds and the determination of what constitutes normal, recurring maintenance shall be final and conclusive so long as such judgment is exercised in good faith.

Section 2.12 Reserve Funds

A. Reserve Fund for Replacing Common Maintenance Areas.

Declarant shall in addition establish a reserve fund in the name of the Association for replacement, in whole or in part, of the Common Maintenance Areas and any improvements located in, on, or under the Common Maintenance Areas for which the Association is responsible pursuant to this Declaration, including, without limitation, the exterior of Building Structures, that will normally require replacement in more than three (3) and fewer than thirty (30) years, including without limitation, exterior painting. The reserve account need not include those items that could reasonably be funded from the maintenance fund or for which one or more Owners are responsible for maintenance and replacement under this Declaration or the Bylaws. Assessments for the reserve fund under this Section shall begin accruing from the date the first Lot assessed is conveyed. Declarant may elect to defer payment of the amounts due on Lots it owns until the date of the conveyance of the Lot to an Owner. However, the Declarant may not defer such payment beyond the date of the Turnover Meeting. The book and records of the Association shall reflect the amount owing from the Declarant for all reserve assessments.

For purposes of funding the reserve fund, the Association shall impose an assessment to be called the "Reserve Fund Assessment" against each Lot, which assessment shall be spread equally over the Lots. However, nothing shall limit the authority of the Association to establish other separate and unrelated reserve funds that are funded by assessments for reserves that are in addition to the Reserve Fund Assessment and that relate to only particular Lots, as opposed to Reserve Fund Assessments which relate only to the Common Maintenance Areas. The reserve fund shall be kept separate from other funds and may be used only for maintenance, repair, and replacement of Common Maintenance Area for which reserves have been established as specified in this Section. However, after the Turnover Meeting, the Board may borrow funds from the reserve account to meet high seasonal demands on the regular operating funds or to meet other unexpected increases. Funds borrowed to meet unexpected increases under this Section shall be repaid from regular annual or special assessments if the Board has adopted a resolution, which may be an annual continuing resolution, authorizing the borrowing of funds. Not later than the adoption of the budget for the following year, the Board shall adopt by resolution a written payment plan providing for repayment of the borrowed funds within a reasonable period. The Association shall administer the reserve fund and may adjust the amount

2002-120165

of the periodic payments into it to reflect changes in current replacement costs over time as indicated by the reserve study or update (as discussed in Section 2.12.(B) below), and may provide for other reserve items that the Board, in its discretion, deems appropriate. Following the second year after the turnover meeting, future assessments for the reserve fund may be reduced or increased by an affirmative vote of Owners of at least seventy-five percent (75%) of the Lots. Any funds established for any of the purposes mentioned in this Section shall be deemed to be a reserve fund notwithstanding that it may not be so designated by the Board. The amount of the reserve fund shall constitute an asset of the Association and shall not be refunded or distributed to any Owner.

B. Reserve Study.

The Board shall annually conduct a reserve study, or review and update an existing study, of the Common Maintenance Areas components, including, without limitation, the exterior of Building Structures, to determine the requirements of the reserve fund described in Section 2.12.A above. The reserve study shall include (a) identification of all items for which reserves are required to be established; (b) the estimated remaining useful life of each item as of the date of the reserve study; (c) the estimated cost of maintenance, repair, or replacement of each item at the end of its useful life; and (d) a thirty (30) year plan with regular and adequate contributions, adjusted by estimated inflation and interest earned on the reserve fund, to meet the maintenance, repair, and replacement schedule.

Section 2.13 Limited Assessments

In addition to the other assessments set forth herein, the Association shall have the authority to levy assessments to satisfy the common expenses of a particular project or effort undertaken by the Association that benefits some, but less than all, of the Lots (such assessments, "Limited Assessments"). Limited Assessments shall be levied against the Owners of those Lots that benefit from the project or effort undertaken by the Association. An example, for illustrative purposes only and not as a limitation, of a project or effort giving rise to a Limited Assessment, is maintenance or repair of a tract of property that benefits and serves certain Lots, but not other Lots.

Section 2.14 Non-payment of Assessments: Remedies of the Association

Any assessment not paid within ten (10) days after the due date shall bear interest from the due date at the highest rate of interest allowed by Oregon law at the time of the non-payment. The Association shall have the authority to impose late charges to compensate for the administrative and processing costs of late payments on such terms as it may establish by duly adopted resolutions and the Association may bring an action at law against the Owner personally obligated to pay the same. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Maintenance Areas or abandonment of Owner's property.

2002-120165

Section 2.15 Subordinated Lien to Secure Payment

To secure the payment of the maintenance charge and assessment established hereby and to be levied on individual Lots as provided in this Article II, there is hereby reserved a lien for the benefit of the Association, said lien to be enforceable through appropriate proceedings at law or in equity by such beneficiary; provided, however, that each such lien shall be specifically made secondary, subordinate and inferior to all liens, present and future, given, granted, and created by or at the instance and request of the Owner of any such Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the improvement of any such Lot; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, the Association shall give the holder of such first mortgage lien sixty (60) days written notice of such proposed action, such notice, which shall be sent to the nearest office of such first mortgage lienholder by prepaid U.S. registered mail, to contain the statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, the Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular property covered by such first mortgage lien to the holder thereof. The provisions regarding the attachment, notice, recordation, and duration of liens established on real property under ORS 94.709 shall apply to the Association's lien. Sale or transfer of a Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure shall extinguish the lien of such assessment as to payments which became due before such sale or transfer. No sale, foreclosure or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof. The Association shall have the right to file notices of liens in favor of such Association in the Official Public Records of Washington County, Oregon.

Section 2.16 Additional Assessments

In addition to the periodic assessments described in this Article II, the Association shall have the authority to assess an Owner for costs and expenses incurred by the Association for corrective action which is required as a result of the willful or negligent actions or omissions of such Owner or such Owner's family members, tenants, guests, contractors or invitees. Each such additional assessment, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land, a continuing lien upon the Lot, and the personal obligation of the Owner in the manner described in Section 2.9 for annual and special assessments.

ARTICLE III- GENERAL POWERS AND DUTIES OF BOARD OF DIRECTORS

Section 3.1 Interim Board

Declarant shall have the right to appoint an interim board of from one (1) to three (3) directors, who shall serve as the Board until replaced by Declarant or until their successors have been elected by the Owners at the Turnover Meeting.

Section 3.2 Purpose of Maintenance Fund

The Board, for the benefit of the Owners, shall provide and shall pay for out of the maintenance fund provided for in Article II above the following:

- A. Taxes and assessments and other liens and encumbrances which shall properly be assessed or charged against the Common Areas and other property owned by the Association rather than against the individual Owners, if any.
- B. Maintenance, repairs, and enhancement of the Common Maintenance Areas and any improvements therein.
- C. ARTICLE IV- COMMON MAINTENANCE AREAS

Section 4.1 Conveyance

Declarant shall convey the Common Areas to the Association, free and clear of financial liens and encumbrances upon recording of the Plat. The Association shall own all Common Areas in fee simple and assume all maintenance obligations with respect to any Common Areas, which may be hereafter established. Nothing contained herein shall create an obligation on the part of Declarant to establish any Common Area. Following the conveyance of the Common Areas to the Association, the dedication, mortgage, or conveyance of any Common Areas shall require the affirmative vote of at least seventy five percent (75%) of the outstanding votes, as well as the approval of FHA and VA (as those terms are defined in Section 11.4) so long as there is Class B membership in the Association. If neither FHA nor VA notifies Declarant or the Association of objections within fifteen (15) days of the date of request for approval, such approval shall be deemed to have been granted.

Section 4.2 Liability Insurance; Casualty Insurance

From on and after the earlier of the date on which title to the Common Areas or responsibility for any Common Maintenance Areas vests in the Association, the Association shall purchase and carry a general comprehensive public liability insurance policy for the benefit of the Association and its members, with respect to all the Common Maintenance Areas. The policy limits shall be as determined by the Board of the Association, but shall include public liability insurance of at least One Million Dollars (\$1,000,000.00) per occurrence. The Association shall use its best efforts to see that such policy shall contain, if available, cross-liability endorsements or other appropriate provisions for the benefit of the Board, the Owners and other insureds, as their interests may be determined by the Board, insuring all against liability to each other insured as well as third parties. Any proceeds of insurance policies owned by the Association shall be received, held in a segregated account and distributed to all interested parties, as their interests may be determined. In addition, from and after the earlier of the date on which title to the Common Areas or responsibility for any Common Maintenance Areas vests in the Association, the Board shall obtain and maintain in effect fire and extended coverage casualty insurance for all insurable improvements in the Common Areas and each Building Structure, insuring all insurable improvements in the Common Areas and each Building Structure against loss or damage by fire or other hazards, including extended coverage, vandalism and malicious mischief in an amount equal to 100% of the replacement cost thereof. The casualty coverage may be obtained on a "blanket" basis. The Association may obtain such other and further policies of insurance as it deems advisable. The casualty insurance to be obtained by the Association pursuant to this Section 4.2 shall include the following terms, if these are reasonably available:

2002-120165

- A. A waiver of subrogation by the insurer as to any claims against the Board, any Owner, or any guest of an Owner;

- C. A provision that no policy may be canceled, invalidated, or suspended because of any action of an Owner;
- D. A provision that no policy may be canceled, invalidated, or suspended because of the conduct of any director, officer, or employee of the Association unless the insurer gives the Association a prior written demand that the Association correct the defect and allows the Association a reasonable time to make the correction; and
- E. A provision that any "other insurance" clause in any policy shall exclude from its coverage all owners' policies.

Section 4.3 Condemnation

If there is a condemnation or a sale in lieu thereof of all or any portion of the Common Areas or Common Maintenance Areas owned by the Owners, the Association shall represent the Owners in negotiations with the condemning authority. The funds payable with respect thereto shall be payable to the Association and shall be used by the Association to purchase additional Common Areas or Common Maintenance Areas to replace that which has been condemned or to take whatever steps it deems reasonably necessary to repair or correct any damage suffered as a result of the condemnation. If the Association determines that the funds cannot be used in such a manner due to the lack of available land for additional Common Areas or Common Maintenance Areas or for whatever reason, any remaining funds may be distributed to each affected Owner based on an equitable distribution, as solely determined by the Association.

Section 4.4 Maintenance of Common Maintenance Areas

The Association will permanently maintain and repair as necessary:

- A. Any entry monument signage, if any, and concrete sidewalks along the roadways (public or private) within the Property;

Section 4.5 Maintenance Particular to Lots.

Special maintenance provisions applicable to only the Lots are hereby established, the cost of which shall be borne as provided in Article II:

A. By the Association.

The Association shall be responsible for maintenance of the exteriors of all Building Structures and all Landscaped Areas subject to the terms and conditions of this Section 4.5. Maintenance of the exteriors of Building Structures shall include the painting, staining, restaining, repairing, and replacing of all exterior surfaces, including roofs (but excluding the repair and replacing of exterior doors) and roof overhangs; and maintaining, repairing and replacing exterior lighting fixtures, the exterior portions of chimneys, rain gutters, down spouts, and roof and foundation drainage systems. Maintenance of the Landscaped Areas shall include, among other things, maintaining, repairing, and replacing grass, sod, trees, shrubs and any decorative fencing or other decorative landscape improvements in a neat, clean, and attractive condition and providing appropriate irrigation. The decision as to the nature and extent of maintenance that is required for a particular Building Structure or Landscaped Area, and the timing of such maintenance, shall be solely within the discretion of the Board. The Association shall only be responsible for the landscaping and landscape improvements within the Landscaped Area installed by the Declarant or the Association, if any. Any landscaping or landscape improvements within the Landscaped Area installed by an Owner must be maintained, repaired and replaced by that Owner, unless the Association agrees in writing to maintain, repair and/or replace such landscaping or landscape improvements. An easement is granted and reserved for the benefit of the Association under Section 6.7 for performance of all activities required or appropriate under this Section.

B. Individually By the Lot Owners.

The Association's responsibility to maintain the exteriors of the Building Structures and Landscaped Areas described in Section 4.5.A specifically do not include the following duties, which are the sole responsibility of each Owner of a Lot with respect to the landscaping in the rear yard of that Owner's Lot and the Improvements located on that Owner's Lot: maintaining, repairing, replacing, restoring, or cleaning of: glass; exterior items of hardware not specifically described in Section 4.5.A (including replacing and repairing exterior doors); exterior window casements, sashes and frames, if any; window screens, storm windows, storm doors, or screen doors (other than painting and staining of the same); sidewalks and walkways; concrete or paved patios or pads; driveways, fencing (other than the Association fence, if any, identified in Section 4.4 above) and if the fencing is on the lot line between two Lots, then the Owners of the Lots on either side of such fencing shall have the joint and equal obligations of maintenance, repair, and replacement of such fencing; electrical and mechanical

doorbells, lights, and knockers; air conditioning and heating equipment and devices (including heat pumps); skylights (if any), and exercising all due care in doing so and being solely responsible for any damage or liability arising therefrom; and other matters not set forth in Section 4.5.A. The Owners of Lots shall also be responsible for maintaining, repairing, and replacing the interiors of their respective Units within the Building Structures, including without limitation, maintaining, repairing, and replacing electrical wiring and fixtures, plumbing pipes and conduits, all fixtures and appliances (whether built-in or free-standing), air conditioning, heating, sewage disposal, and interior fire protection systems and all amenities and hardware located within the interiors of the Building Structures. Each Owner of a Lot shall also be responsible for removal of snow and ice from that Owner's Lot.

C. Jointly by the Lot Owners.

Except as provided otherwise in Section 7.6 and subject to this Section, in the event repair or replacement of the common foundations of a Building Structure or common firewalls (which term shall have the same meaning as party walls) of a Building Structure should become necessary or appropriate, then the Owners of the Units within the Building Structure that require such repair or replacement shall be jointly responsible for such repair and/or replacement, and the Owners of such affected Units shall share equally in the expense of such repair and replacement. In the event an Owner of a Lot determines repair or replacement of the common foundations or common firewalls of a Building Structure is necessary or appropriate, that Owner shall notify the other Owners of the affected Units within the Building Structure of the need to perform such repair or replacement. If a majority of the Owners of the affected Units within the Building Structure agree that such repair or replacement is necessary, they shall jointly cause such work to be performed, and each Owner of an affected Unit shall pay an equal portion of the expense of such work. If an Owner of an affected Unit determines repair or replacement of the common foundations or common firewalls of a Building Structure is necessary or appropriate and a majority of the Owners of the other Units affected or claimed to be affected do not concur with such determination, then the Owners of the Units affected (or claimed to be affected) shall mutually agree upon and retain a professional engineer licensed in the State of Oregon having at least five (5) years experience in such matters to inspect the common foundations or common firewalls, and such engineer shall make a determination as to whether such repair or replacement is required. The determination of such engineer shall be binding on the affected Owners, and all expenses and fees of the engineer and of the repair or replacement work required to be performed, if any, shall be borne as provided in this Section. In the event the Owners of Units so affected or claimed to be so affected cannot agree upon a professional engineer having the required qualifications within a thirty (30) day period, then any of the affected Owners may make application to the ACC, which shall select such engineer having the requisite qualifications. The fees and expenses of the engineer shall be shared equally by the Owners of the Units affected or claimed to be affected. In the event the Owner of an affected Unit fails to contribute to the expense of repair or replacement of the common foundation or common firewalls by thirty (30) days after written demand therefor, then the amount not paid or reimbursed, as well as interest thereon at the rate of twelve percent (12%) per annum from the date of such written demand, shall become a charge and lien against the Owner of a Unit failing to make such payment or reimbursement. Each Owner of a Lot shall be deemed to have agreed, by acceptance of a deed

conveying the Lot, that any such lien shall be effective, without the necessity of obtaining the joinder of such Owner in the execution of any instrument, upon the filing by another Owner of a Lot of a claim of lien in the Official Records of Washington County, Oregon.

Section 4.6 Prohibited Activities

The following activities are expressly prohibited within any Common Areas:

- i) the removal of any tree greater than six (6) inches dbh without the written consent of the Board, the written consent of the City, and the written opinion of a certified Arborist that the tree is diseased and will not survive, or the tree poses a substantial threat of property damage or personal injury;

A committee to be known as the Architectural Control Committee (the "ACC") shall be established consisting of the number of members as determined by the Board, except that the ACC shall consist of not less than three (3) members.

A. The members of the ACC shall be appointed, terminated and/or replaced by the Declarant so long as there is Class B membership. Thereafter the Board shall appoint the members of the ACC. Members of the ACC may be terminated and/or replaced by the Board with or without cause.

B. The purpose of the ACC is to enforce the architectural standards of the community and to approve or disapprove plans for improvements proposed for the Lots.

C. The ACC shall act by simple majority vote, and shall have the authority to delegate its duties or to retain the services of a professional engineer, architect, designer, inspector or other person to assist in the performance of its duties.

2002-120165

Section 5.2 Architectural Manual

The Board may adopt, and from time to time, amend modify, or revise an Architectural Manual. Adoption of the Architectural Manual may occur without the consent of anyone prior to conveyance of the first Lot to an Owner other than the Declarant. Amendments, modifications, or revisions to the Architectural Manual may be made by the Declarant, without the consent of anyone prior to conveyance of the first Lot to an Owner other than the Declarant. No such amendments, modifications, or revisions shall affect any prior ACC approval.

Section 5.3 Scope of Review

No building, fence, wall, patio, deck, outbuilding, landscaping, pool, athletic facility or other structure or improvement shall be erected, altered, added onto or repaired upon any portion of the Property without the prior written consent of the ACC, provided however, that improvements erected, altered, added onto or repaired by Declarant shall be exempt from the provisions of this Article V.

Section 5.4 Submission of Plans

Before the initiation of construction upon any Lot, the Owner thereof shall first submit to the ACC a complete set of plans and specifications for the proposed improvements, including site plans, grading plans, landscape plans, floor plans depicting room sizes and layouts, exterior elevations, specifications of materials and exterior colors, and any other information deemed necessary by the ACC for the performance of its function pursuant to the procedure outlined in the Architectural Manual (if any). In addition, the Owner shall submit the identity of the individual or company intended to perform the work and projected commencement and completion dates.

Section 5.5 Plan Review

Upon receipt by the ACC of all of the information required by this Article V, it shall have thirty (30) days in which to review said plans. The proposed improvements will be approved if, in the sole opinion of the ACC: (i) the improvements will be of an architectural style and material compatible with the other structures in the Property; (ii) the improvements will not violate any restrictive covenant or encroach upon any easement or cross building set back lines; (iii) the improvements will not result in the reduction in property value, use or enjoyment of any of the Property; (iv) the individual or company intended to perform the work is acceptable to the ACC; and (v) the improvements will be substantially completed, including all cleanup, within three (3) months of the date of commencement (six (6) months for the construction of a complete house). If the ACC fails to issue its written approval, or rejection, within thirty (30) days of its receipt of the last of the materials or documents required to complete the Owner's submission, the ACC's approval shall be deemed to have been granted without further action.

Section 5.6 Non-conforming Structures

If there shall be a material deviation from the approved plans in the completed improvements, such improvements shall be in violation of this Article V to the same extent as if erected without prior approval of the ACC. The ACC, the Association or any Owner may maintain an action at law or in equity for the removal or correction of the non-conforming structure and, if successful, shall recover from the Owner in violation all costs, expenses and fees incurred in the prosecution thereof.

Section 5.7 Immunity of ACC Members

No individual member of the ACC shall have any personal liability to any Owner or any other person for the acts or omissions of the ACC if such acts or omissions were committed in good faith and without malice. The Association shall defend any action brought against the ACC or any member thereof arising from acts or omissions of the ACC committed in good faith and without malice.

Section 5.8 Limited Review

Any review and approval made by the ACC is limited to compliance with the intent of the architectural standards of the neighborhood as may from time to time be established by the Board and/or the Architectural Manual. The review and approval made by the ACC is not to be construed as superseding, replacing, or modifying any review, approval, or permit required by any local, state or federal jurisdictional agencies. It is the applicant's responsibility to obtain and comply with any permits that may be required by any local, state, or federal jurisdictional agency.

Section 5.9 Address for Notice

Requests for ACC approval or correspondence with the ACC shall be addressed to Robin Meadows Architectural Control Committee, P.O. Box 23099, Tigard, OR 97281 or such other address as may be designated from time to time by the ACC. No correspondence or request for approval shall be deemed to have been received until actually received by the ACC in a form satisfactory to the ACC.

ARTICLE VI - EASEMENTS

Section 6.1 Utility Easements

As long as the Declarant owns a Lot, the Declarant hereby reserves the right to grant perpetual, nonexclusive easements for the benefit of Declarant or its designees, upon, across, over, through and under any portion of the Common Areas for ingress, egress,

installation, replacement, repair, maintenance, use and operation of all utility and service lines and service systems, public and private, including, without limitation, cable television. Declarant, for itself and its designees, reserves the right to retain title to any and all pipes, lines, cables or other improvements installed on or in such easements. The Association shall also have the right to grant the easements described herein, subject to the approval of the Declarant so long as Declarant owns a Lot.

Section 6.2 Declarant's Easement to Correct Drainage

Declarant hereby reserves for the benefit of Declarant a blanket easement on, over and under the ground within the Property to maintain and correct drainage of surface waters and other erosion controls in order to maintain reasonable standards of health, safety and appearance and shall be entitled to remove trees or vegetation, without liability for replacement or damages, as may be necessary to provide adequate drainage facilities. Notwithstanding the foregoing, nothing herein shall be interpreted to impose any duty upon Declarant to correct or maintain any drainage facilities within the Property.

Section 6.3 Easement for Unintentional Encroachment

The Declarant hereby reserves an exclusive easement for the unintentional encroachment by any structure upon the Lot of another Owner caused by or resulting from, construction, repair, shifting, settlement or movement of any portion of the Property, which exclusive easement shall exist at all times during the continuance of such encroachment as an easement appurtenant to the encroaching Property to the extent of such encroachment.

Section 6.4 Entry Easement

If the Owner of any Lot fails to maintain the Lot as required herein, or if there is an emergency, the Association shall have the right to enter upon the Lot to make emergency repairs and to do other work reasonably necessary for the proper maintenance and operation of the Property. Entry upon the Lot as provided herein shall not be deemed a trespass, and the Association shall not be liable for any damage so created unless such damage is caused by the Association's willful misconduct or gross negligence.

Section 6.5 Reserved Easements

Easements for installation and maintenance of utility and storm water retention/detention ponds are reserved as may be shown on the recorded Plat. Within these easement areas, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may hinder or change the direction of flow of drainage channels or slopes in the easements. The easement area of each Lot and all improvements contained therein shall be maintained

continuously by the Owner of the Lot, except for those improvements for which a public authority, utility company or the Association is responsible.

Section 6.6 Temporary Completion Easement

All Lots shall be subject to an easement of ingress and egress for the benefit of the Declarant, its employees, subcontractors, successors and assigns, over and upon the front, side and rear yards of the Property as may be expedient or necessary for the construction, servicing and completion of dwellings and landscaping upon Lots adjacent to the Property, provided that such easement shall terminate twenty-four (24) months after the date such Lot is conveyed to the Owner by the Declarant.

Section 6.7 Maintenance Easements

An easement is hereby granted and reserved in favor of the Association and its successors, assigns, contractors, property managers, agents and employees over, across, upon, and under each Lot, the exterior portions of the Units on each Lot, the Landscaped Areas and any Common Areas and Common Maintenance Areas or other areas of the Robin Meadows Subdivision necessary or appropriate for purposes of accomplishing the maintenance, repair, and replacement by the Association of Improvements or the other obligations of the Association hereunder.

Section 6.8 Cross Easement for Certain Lots

There is hereby created a cross easement along the side yard abutting each Unit located within six (6) feet from the boundary of its Lot to allow each Owner of such Lot to use temporarily the side yard of the adjacent Lot as reasonably necessary for the access, maintenance, repair, and upkeep of the Owner's Unit on the Lot. The use of the adjacent side yard of the Lot shall be for such temporary purposes as standing in the adjacent side yard to clean windows or placing the footings of a ladder in such adjacent side yard while painting the Owner's Unit, but shall not entitle the Owner of a Lot to occupy the adjacent side yard of a Lot for a continuous period of more than two days, or to place materials or equipment on the adjacent side yard of the Lot that could reasonably be placed on the Owner's Lot. The description of the area burdened and benefited by the cross easement shall be the first 36 inches out from the common property line dividing each such Lot, thus creating a 6-foot wide easement area centered along the common property line of each Lot. It shall be the responsibility of each Owner to keep the cross easement area clear of obstructions which hinder access to rear yards. Any dispute arising from issues relating to the cross easement area shall be submitted to and settled by the Board.

Section 6.9 Perimeter Fence Easement

An easement is hereby declared for the benefit of the Declarant, its employees, subcontractors, successors and assigns as may be expedient or necessary for the construction of fencing along the perimeter of the Property. Such easement shall also benefit the Association, its successor or assigns, as may be expedient or necessary to maintain such perimeter fences.

Section 6.10 Plat Easements

The Property shall be subject to all easements delineated on the Plat as affecting the Property.

ARTICLE VII- USE, OCCUPANCY, CASUALTY, AND INSURANCE

Section 7.1 Residential Use

All Lots and Units shall be kept and maintained primarily for single family residential purposes.

Section 7.2 Commercial, Institutional, or Other Non-Residential Uses

No commercial, institutional, or other non-residential use (including residential day care facilities) shall be conducted on any Lot without the written approval of the Board. The Board shall not unreasonably withhold consent to a non-residential use if only normal residential activities would be observable outside of the Building Structure and the activities would not be in violation of applicable ordinances nor create additional traffic or the need for additional parking. The Board shall not allow a use that diminishes the residential character of the Lot or neighborhood or imposes a nuisance on the neighborhood. Any such use must comply with all the use restrictions of this Declaration and all applicable law, including, without limitation, zoning requirements. Any Owner wishing to conduct any commercial, institutional, or other non-residential uses on any Lot shall first apply to the Board for approval of such use and shall provide to the Board any information deemed necessary by the Board to evaluate the impacts of such use on the neighborhood. The decision of the Board shall be final and conclusive. The Board may review, and repeal, any such approval from time to time at the discretion of the Board if, in the opinion of the Board, the use has changed or increased to a level not consistent with the original approval. In no event shall the decision of the Board as to permissibility of a requested non-residential use be construed as a representation of the legal permissibility of such use. This Section 7.2 does not restrict the right of an Owner to maintain Owner's professional personal library, keep Owner's personal business or professional records or accounts or handle Owner's personal business or professional telephone calls in Owner's Unit.

Section 7.3 Garage Sales

The provisions of this Article shall not apply to garage sales conducted entirely on an Owner's Lot in accordance with the guidelines (if any) established by the Association, provided that no Owner shall conduct more than one (1) garage sale of no more than three (3) days duration during any six (6) month period.

Section 7.4 Declarant Use

The provisions of this Article shall not apply to the use of any Lot or Unit by the Declarant as i) a model home, sales office, or construction office; or ii) the use of any Lot as a site for a sales office trailer or construction office trailer.

Section 7.5 Owner Insurance

Each Owner of a Lot shall obtain, and maintain in effect, from a reputable insurance company authorized to do business in the State of Oregon, public liability and property damage insurance with respect to such Lot in an amount of not less than Five Hundred Thousand Dollars (\$500,000.00) per person per occurrence. Additionally, each Owner shall obtain and maintain in effect, from such companies, fire and extended coverage casualty insurance with respect to the insurable Improvements located on such Owner's Lot, other than the Building Structure thereon, in an amount equal to one hundred (100) percent of the replacement cost thereof. Each Owner shall also be responsible for obtaining fire and extended coverage casualty insurance with respect to that Owner's personal property. No Owner shall be obligated to obtain any of the insurance coverages described in Section 4.2, nor shall any insurance coverage obtained by an Owner (or such Owner's mortgagee) be brought into contribution with insurance obtained by the Association.

Section 7.6 Casualty to Lots

The Association shall be responsible for repairing, reconstructing, and rebuilding all damage to or destruction of the structural components of the Building Structures, subject to the provisions of this Section 7.6 and of Section 8.7. The Association shall rebuild and/or restore the damaged or destroyed portions of the structural components of the Building Structures to substantially the same condition in which these existed prior to such damage or destruction, unless at least seventy-five percent (75%) of the Owners of Units within the damaged or destroyed Building Structures ("Affected Owners"), plus Owners of at least seventy-five percent (75%) of all of the Lots and at least seventy-five percent (75%) of first mortgagees of all Lots agree that the damaged or destroyed portions shall not be rebuilt and/or restored. Rebuilding and/or restoration shall begin within sixty (60) days following the damage or destruction or as soon as reasonably practicable thereafter. If the proceeds of the insurance policies held by the Association are insufficient to fund the full cost of rebuilding and/or restoration, the difference between the amount of such proceeds and such cost shall be charged to all Affected Owners by

means of a Limited Assessment. If the required number of Owners and first mortgagees of Lots agree that the damaged or destroyed portions of the Building Structures shall not be rebuilt and/or restored, the proceeds of the insurance policies held by the Association shall be distributed on an equitable basis among the Affected Owners in such manner as the Board shall determine. The Association shall represent the Owners of Lots in any proceeding, negotiation, settlement, or agreement relating to the payment of proceeds under any insurance policies held by the Association.

ARTICLE VIII- PROPERTY RIGHTS

Section 8.1 Owner's Use and Occupancy

The Owner of a Lot shall be entitled to the exclusive use and benefit of such Lot. As such rights of an Owner of a Lot with respect to the Landscaped Area and the exterior of that portion of the Building Structure on such Owner's Lot is subject to the rights of the Association under this Declaration. Declarant, the ACC and any representative of the Association authorized by the Association may at any reasonable time, and from time to time at reasonable intervals, enter upon any Lot for the purpose of determining whether or not the use of and/or Improvements on such Lot are then in compliance with this Declaration. No such entry shall be deemed to constitute a trespass, conversion, or otherwise create any right of action in the Owner of such Lot.

Section 8.2 Owners' Easements of Enjoyment

Every Owner shall have a right and easement in and to the Common Areas and a right and easement of ingress and egress to, from and through said Common Areas, and such easement shall be appurtenant to and shall pass with the title to every Lot, subject to the following provisions:

A. The right of the Association to establish and publish rules and regulations governing the use of the Common Areas affecting the welfare of Association members.

B. The right of the Association to suspend the right of use of the Common Areas and the voting rights of an Owner for any period during which any assessment against his Lot remains unpaid; and for a period not to exceed sixty (60) days for any infraction of its published rules and regulations.

C. The right of the Association, subject to the provisions hereof, to dedicate or transfer all or any part of the Common Areas, if any, to any public agency, authority or utility for public right-of-way purposes. Any other transfer or mortgage of Common Areas requires the consent of at least seventy-five percent (75%) of the votes outstanding, and the consent of the Declarant so long as Declarant owns a Lot.

D. All easements herein described are easements appurtenant to and running with the land; they shall at all times inure to the benefit of and be binding upon the undersigned,

all of their grantees, and their respective heirs, successors, personal representatives and assigns, perpetually and in full force.

Section 8.3 Effect of Declaration

Reference in any deed, mortgage, trust deed or any other recorded documents to the easements, restrictions and covenants herein described or to this Declaration shall be sufficient to create and reserve such easements and covenants to the respective grantees, mortgagees, or trustees of said parcels as fully and completely as if those easements, restrictions and covenants were fully related and set forth in their entirety in said documents.

Section 8.4 Rezoning Prohibited

No Lot shall be rezoned to any classification allowing commercial, institutional or other non-residential use without the prior written consent of the Board and Declarant so long as Declarant owns a Lot, which may be withheld in the Board's or Declarant's sole discretion, as applicable. Declarant or the Board may enforce this covenant by obtaining an injunction against any non-approved rezoning at the expense of the enjoined party.

Section 8.5 Lot Consolidation and Division

No Lot may be consolidated with another Lot and no Lot may be subdivided.

Section 8.6 Drainage Alteration Prohibited

The surface water drainage contours of each Lot shall conform to the approved grading plan established by the Declarant. Declarant further reserves the right at any time to amend this Declaration, or any amendment hereto, in order to correct scrivener's errors. In no event shall an amendment pursuant to this Section create, limit, or diminish Declarant's special rights without Declarant's written consent or change the boundaries of any Lot or any use to which any Lot is restricted unless the Owners of the affected Lots consent to the amendment.

Section 11.4 FHA/VA Approval of Amendments

So long as there is Class B membership, Declarant shall submit a written request for approval of any amendment under this Section 11 to the Federal Housing Administration ("FHA") and/or the Veterans Administration ("VA") accompanied by a copy of the amendment.
